

FOR IMMEDIATE RELEASE

OTIS TECHNOLOGY EXPANDS SALES TEAM

Lyons Falls, N.Y. – Otis Technology is pleased to announce new additions to its government/international sales team. Rick Arnold joins Otis Technology as the Government Sales Manager and Jake Austin has been promoted to Government Sales Specialist.

Ricky Arnold Sr., is a 25 year USAF Veteran who served as a Survival, Evasion, Resistance and Escape (SERE) Specialist as part of the Guardian Angel Personnel Recovery Weapons System. Rick served in many capacities, from the USAF SERE School and ultimately retiring from the USAF Pentagon, as the SERE Functional Manager, USAF Special Operations Division.

Rick previously served as Air Force Sales Manager for ADS Inc. and has held previous sales management and product development roles at Streamlight Flashlights, McNett Corp. and Airborne Systems.

In his role as Government Sales Manager, he is responsible for all branches of the Armed Forces including the Guard and Reserves. He will focus on military exchange services and bases supply centers as well as manage prime vendors. Rick will focus mainly on the Western U.S. while Greg Essenlohr will head up the Eastern U.S.

Jake Austin also joins the team. He began his career at Otis in 2014. In his new role, he is responsible for inside sales and support for the government/international sales team.

"We're really excited to have Rick and Jake on our team. These two, in conjunction with the rest of the team, will allow us to better service our government and international accounts," states Brad McIntyre, Director of Government & International Sales for Otis Technology.

Otis Technology is known for manufacturing the most advanced gun cleaning systems available. The superior Breech-to-Muzzle ® design combined with unmatched quality has positioned Otis as the gun care system of choice with the US Military.
