

FOR IMMEDIATE RELEASE

OTIS SUPPORTS FISHING FOR FREEDOM THOUSAND ISLANDS

Lyons Falls, NY: Otis Technology is proud to announce that it will again be a bronze level sponsor of the Fishing for Freedom Thousand Islands event taking place on September 11-12, 2015. This two-day event will honor our Active Duty Military.

This is the second annual Fishing for Freedom Bass Tournament and will take place at Bonnie Castle Resort in Alexandria Bay, NY with a barbeque the evening before. Proceeds from the tournament will benefit the USO – Fort Drum and Carthage Area Hospital.

USO – Fort Drum is committed to sharing a touch of home with the Fort Drum troops and their family members. They provide care packages, greet soldiers when they return home from deployment, support Wounded Warriors and much, much more. The Carthage Area Hospital is the hospital of choice for many Fort Drum soldiers and their families.

“Last year’s inaugural event was met with great success. We’re happy to be on board again this year and a part of this wonderful event”, states Brad McIntyre, director of international & government sales at Otis Technology. He continues, “not only does it allow us the opportunity to thank the men and women in our Armed Forces, but our local community, too.”

For more information on the event, please visit www.fishingforfreedomti.com.

Otis Technology is known for manufacturing the most advanced gun cleaning systems available. The superior Breech-to-Muzzle® design combined with unmatched quality has positioned Otis as the gun care system of choice with the US Military. Otis Technology is **SMART GUN CARE**.
