

# M4 / M16 MAINTENANCE

## I-MOD CLEANING SYSTEM

MFG-556-IMOD-NT

- 30" Memory-Flex® Cable
- 5.56mm bronze bore brushes remove fouling
- 5.56mm chamber brush and rods
- 5.56mm Ripcord® for a quick, one-pass clean

Other calibers available

## B.O.N.E.® TOOL

IP-246 B | IP-276

Carbon and fouling can build up in the bolt and bolt carrier group, causing jams and malfunctions. The B.O.N.E.® Tool was designed specifically to clean the bolt, bolt carrier & firing pin of M4 and M16 rifles.

ITEM #	DESCRIPTION	NSN
IP-246 B	5.56mm B.O.N.E.® Tool	NSN: 1005-01-647-0562
IP-276	7.62mm B.O.N.E.® Tool	

## RIPCORD®

IP-RC-556 B  
IP-RC-762 B

The Ripcord® cleans from Breech-to-Muzzle® in one quick and easy pass. The molded rubberized core and Nomex® fibers together create a more effective way to trap and remove fouling.

ITEM #	DESCRIPTION	NSN
IP-RC-556 B	5.56mm Ripcord®	1005-01-632-5209
IP-RC-762 B	7.62mm Ripcord®	1005-01-628-8468

Other calibers available. Visit [otistec.com/ripcord](http://otistec.com/ripcord).
